

## **Textbook Review for High Schools**

As per Policy IJJ, textbooks will be placed on display in the District office (33016 N 60th Street, Scottsdale, 85266) for a period of at least sixty (60) days prior to the meeting, at which the Board will consider their adoption. Information related to textbooks, which are proposed for approval, shall be placed on the District website.

ESSENTIALS OF HUMAN ANATOMY AND PHYSIOLOGY TWELFTH EDITION, by Elaine N. Marieb & Suzanne M. Keller is up for a textbook adoption.

The textbook explains all the major systems of the human body in a concise, accessible way that successfully prepares students for further study. This book aligns with PVCC to be eligible for dual enrollment.

This book will be on display at the district office from: May 25, 2022 to July 25, 2022

---

HUMAN GEOGRAPHY: A SPATIAL PERSPECTIVE NATIONAL, AP EDITION, by Sarah Bednarz, Mark Bockenbauer, and Frederik Hiebert is up for a textbook adoption.

The textbook is designed specifically for high school AP students. It aligns closely to the College Board Course and Exam Description to improve student performance on the AP Exam. The program emphasizes learning through inquiry; establishes real-world content authenticity through the storytelling of National Geographic Explorers and photographers; offers original National Geographic videos shot across the world; encourages students to write routinely and use qualitative, quantitative, and spatial information; provides Formative Assessments--including "Unpacking the FRQ activities--that increase student confidence and familiarity with course content and assessment formats; provides Summative Assessment test practice aligned to the AP exam.

This book will be on display at the district office from: July 11, 2022 to September 11, 2022

COLLEGE MATHEMATICS THIRD EDITION – Scottsdale Community College

Here is the book link:

<https://docs.google.com/document/d/197yVRuhx-IHkKbrYpsGKSGzEhSHbX2iSNXzYCqcPnD8/edit?usp=sharing>

This book is comprised of two others from the Tan Series, Applied Finite Math, and Calculus for Managerial, Life and Social Sciences. This edition represents an extensively revision, particularly in lowering the level of the calculus material in the text. The new edition incorporates technology through the addition of computer/graphing calculator exercises and

applications are very in tune with everyday life scenarios in all types of disciplines. This textbook is aligned with PVCC to provide students dual enrolled opportunities.

This book link will be online for review from: May 25, 2022 to July 25, 2022. It can be accessed at the district office reception area.

THÈMES - AP® French Language and Culture. Vista Higher Learning – THÈMES is built from the ground up to support the AP® French Language and Culture curriculum. The content aligns perfectly with the new AP® themes and contexts, ensuring that students have the extensive interpretive, interpersonal, and presentational communication skills they need to succeed in class and on the exam.
