

Did You Know?

Chapter 2

Thank you for taking the time to submit your questions using the Google Doc link that was a part of the video communicate message from Dr. Burdick on February 4, 2016.

We will continue to check to see if additional questions are added and respond in future Did You Know? communiques. Here are the factual responses to the submissions:

- Per policy GCB and GCO-RA The teacher's acceptance of the contract must be indicated within fifteen (15) business days from the date of the teacher's receipt of the written contract or the offer of a contract is revoked.
- Principals and Directors are meeting privately with our employees prior to the February 16th budget forum if the employees' positions have potential budget reduction discussion.
- The teacher contract language will be consistent with current contracts. It will have the FTE offered and the total of all funding sources. It will not have the specific grade level location or content area.
- Clarification on student transportation: It is optional for the District to transport students to and from school; however the District receives close to \$2.25 million to cover bus expenses, making our transportation department 90% self-funding. It is also against the law to charge students to use the bus. Providing transportation brings enrollment to our schools.
- As the video stated certified employees will receive either a contract, a letter of explanation or reduction in force notice on March 28th. Classified employees will have contracts or reduction in force notices delivered after the outcome of the May 17th election on Prop 123.
- The first ever CCUSD Job Fair is being held on Feb.18th to begin conversations with interested job candidates for hard-to-fill positions, anticipated openings in classified and certified positions that current employees are vacating for retirement and resignation.
